

REDINN ENERGY

Powering a Greener tomorrow

with cutting edge Solar and Wind Solutions

www.redinnenergy.com

About US

At REDINN Energy, we are dedicated to providing world-class EPC services for solar and wind energy projects. With a team of highly skilled engineers, project managers, and a vast workforce, we pride ourselves on completing projects on time and within budget. Our mission is to accelerate the transition to clean energy by delivering innovative, reliable, and sustainable solutions, tailored to the needs of each project.

"To deliver innovative, sustainable, and high-quality EPC solutions for solar and wind energy projects, leveraging our extensive workforce and expertise to ensure on-time project delivery while fostering environmental stewardship, economic efficiency, and energy independence."

"To be a global leader in renewable energy EPC services, renowned for our ability to execute large-scale solar and wind projects on time and within budget, driving the transformation towards a carbon-neutral future through operational excellence and sustainable practices."

Core Values

Sustainability

We are committed to reducing carbon footprints through renewable energy.

On-Time Delivery

We ensure timely project completion through effective planning and execution.

Quality

We adhere to the highest standards in every aspect of our work.

Integrity

Our work is driven by trust, transparency, and accountability.

Innovation

We embrace cutting-edge technologies to optimize project efficiency

Our Expertise

At Redinn Energy Private Limited, we are committed to delivering seamless, end-to-end Wind and Solar Turnkey solutions with unmatched expertise, efficiency, and reliability.

Expertise in Land Procurement & Right of Way (ROW) Solutions

Robust Power Infrastructure Development

Industry-Leading Wind Energy Project Execution

Unmatched Post-Implementation Support & Maintenance

Cutting-Edge Solar Energy Execution

Conflict Resolution & Regulatory Compliance

The Redinn Advantage: A Reliable, End-to-End Turnkey Partner

Accomplishments

Procured over 1030 acres of land across Tamil Nadu, specifically for renewable energy projects such as solar and wind farms.

86 windmills WTG Movement and Installation , 244 MW of Wind projects

100 MW of Solar projects

300 KMS of 33KV Line | 5000 Poles |
50 Kms of EHV Tower work

ROW - Entire Road work for the material supply for 350 MW Solar and wind projects

The Team

Wind Projects

WTG Movement

Solar Projects

Pooling Sub Station Projects

EHV Tower
